Instructions for transfer of title as a gift. This form may be used only for vehicles titled in this state

Vehicle (financed) - If the title shows a lien, proof that the lien has been satisfied can be shown by the submission of a notice of security interest filing or by a termination statement, on the lienholder's letterhead, stating that the lien has been released. Included with this statement should be a description of the vehicle by year, make, and the vehicle's identification number. If the lienholder's name is on the face of the title and the lien has not been satisfied, a statement from the lienholder, authorizing the lien transfer, must accompany the transaction.

Please Note: Lien release letters must be accompanied by photo identification (State issued driver's license or I.D. card) of the person presenting the document to the MVA.

Adding a name to a title - To add a name to the title, please complete the assignment section on the reverse side of the title with both names where "buyer/receiver" is indicated. The owner's signature must be written in the space provided for "seller/giver." The buyer's application for the new certificate of title section must be completed in the space designated for the names and signatures of both buyers.

Deleting a name from a title - To delete a name from a title, please complete the assignment section on the reverse side of the title with the name of the person receiving the vehicle in the space provided for "buyer/receiver." Both persons giving the vehicle as a gift must complete the assignment section by providing their signatures in the space provided for "seller/giver." The buyer's application for new certificate of title section must be completed by the person receiving the vehicle. If the vehicle is transferred from a joint ownership to another joint ownership, for example, from mother and father to son and daughter-in-law, please follow the procedure for deleting a name from a title.

Transferring a title from an individual to another individual - To transfer the title of a vehicle from one individual, please complete the assignment section on the reverse side of the title, by providing the name of the person receiving the vehicle in the space provided for "buyer/receiver." In the same section, the person giving the vehicle must provide his/her signature in the space provided for "seller/giver." The person receiving the vehicle must complete the buyer's application for a new certificate of title and write his/her signature in the space provided for "buyer/receiver."
