RE: Procedure for Pick Up of Title and Registration Transactions

When picking up title and registration transactions that have been dropped off to a MDOT MVA branch or uploaded to the business portal, the MDOT MVA agent who is distributing the work will do the following:

1. Collect the identification of the individual picking up the work and make a copy
2. Have the dealer and title service agent print and sign their first and last name then date the transmittal sheet
3. Ensure the work as well as a copy of the receipt is attached to the transmittal
4. Give a copy of the transmittal to the agent
5. Keep the original and attach the copy of the ID to the original transmittal
