

MVA Alert

This Alert is to clarify the increase in the Title Fee from \$50.00 to \$100.00. For a vehicle that has a **delivery date prior to July 1, 2011**, the customer will be charged the old fee of \$50.00 for the Certificate of Title.

If a dealer is using the Electronic Registration and Titling Program (ERT) via Computerized Vehicle Registration (CVR) or Dealer Track (formerly triVin) and the vehicle has a delivery date on or before June 30th, the title fee will remain \$50.00 even if the transaction is not entered into the ERT System until after July 1, 2011. If the vehicle's delivery date is on or after July 1st, the title fee will be \$100.00. This same procedure will be utilized for all work delivered to a Motor Vehicle Office for processing.

The only exception is the title fee for a rental vehicle remains \$50.00 for fiscal years 2012 through 2014. On July 1, 2014 if no further legislation is proposed, the title fee will increase to \$100.00 for rental vehicles.

The Motor Vehicle Administration (MVA) is currently working with both vendors to ensure the transition to the new fees remain seamless for our mutual customers.
