### Disclosure of Former Vehicle Use

The MVA developed a new form (VR-460) Disclosure of Former Vehicle Use which may be printed as needed. You may obtain the form via the MVA website Business Services Forms section at the following address:

<http://www.mva.maryland.gov/Business-Services/Forms/index.htm>

Clarification to previous issued bulletin. If this form is used, you do not have to mail a copy into the Administration. You should keep the original in the dealership sale file and a copy should be given the customer. Additionally, the MVA does not limit which document must contain the required disclosure.
