

MVA Alert

TO: New and Used Dealers

As a reminder, effective July 1, 2013 the Motor Vehicle Administration (MVA) will cease to issue the plastic bags for temporary plates. The new temporary plate is printed on Teflon coated paper which will not require the use of the plastic bags.

Please make sure your dealership has the new paper stock available for use no later than June 28, 2013. If you do not have the Teflon coated paper by July 1, 2013, your dealership will not be able to process temporary plates.

Still need to order the new paper? Contact Maryland Correctional Enterprises (MCE) by telephone to (410) 799-1240 or via fax to (410)799-1370 soon as possible. Any questions concerning this email can be sent to mvablcsd@mva.maryland.gov.
