Credit requests received are processed subject to funding availability.

The vehicle must meet the following conditions to qualify for credit:

- Has not been modified from original manufacturer specifications;
- Is acquired for use or lease by the taxpayer and not for resale;
- Is purchased new and titled for the first time on or after July 1, 2023, but before July 1, 2027;
- Has a battery capacity of at least 5.0 kilowatt hours (only applies to zero emission plug-in electric drive vehicle) or if a motorcycle or auto cycle, has a battery capacity of at least 4.0 kilowatt hours;
- Has a base price not exceeding $50,000;
- Has a maximum speed capacity of at least 55 miles per hour;

Note: The Base Purchase Price for the vehicle is the prominent price displayed on the window sticker of the vehicle. The base purchase price is the price before options and does not include optional upgrades, shipping charges, taxes, fees, or calculation of a trade-in allowance.

The credit allowed is calculated as follows:

- $1000 for a 2-wheeled zero emissions plug-in electric drive or fuel cell electric motorcycle
- $2000 for a 3-wheeled zero emission plug-in electric drive or fuel cell electric motorcycle or auto cycle
- $3000 for a zero-emission plug-in electric drive or fuel cell electric motor vehicle

I/we certify this vehicle is owned or leased by an individual(s) and an excise tax credit of this type has not been previously granted to me on another vehicle (if two qualifying electric vehicles are jointly owned by individuals, each person is entitled to receive an excise tax credit for one of the vehicles). I/we further certify the electric vehicle is owned or leased by a business entity and a business entity is limited to receive excise tax credit on no more than 10 electric vehicles. I/we further certify the vehicle meets the qualifications stated above.
